Vanian Views

Estepona

Welcome

Our seal is a synonym of quality and trust and so we want you on board to make your home a unique space that meets all your requirements. We are a new-generation property developer offering you the talent and experience of a great team of professionals.

What do you need?

Why Vanian Views in Estepona?

There are few words capable of describing the stunning views.

Your development, Vanian Views, stands in a privileged location, carefully chosen to seduce, stimulate and carry your senses to the very limit. A place where you will live accompanied by the beauty of the landscape from the privacy and tranquillity of your home.

We have painted a landscape for you in which the boundless views merge with their architecture, design, state of the art and their comfort. A canvas in which you can get away from it all, while at the same time remain close.

Vanian Views is not just your home: it is a tribute to sensorial and emotional contemplation in the best location on the Costa del Sol.

Looking inwards and outwards

We know what your perfect home is like – the one you have always dreamed of. It is surroundings and, at the same time, quality, exclusiveness and comfort. It is landscape, avant-garde and design. It is a striking panoramic view and, of course, also convenience and functionality.

At AEDAS Homes we introduce you to an exclusive development comprising 61 homes:

- › 2-bedroom units starting from 132 m² with 32 m² of terrace space.
- › 3-bedroom units starting from 154 m² with 34 m² of terrace space.

Vanian Views also includes communal areas and a swimming pool for you to relax in your leisure time. A development designed to be enjoyed and to be at one with its surroundings.

One of Vanian Views' strengths is its location. Your new home will be on the disconnection-connection divide, a fine line that separates the tranquillity of your new home from the vibrant pace of the town and all the services it has to offer.

Exclusiveness is going from the comfort of your home to spectacularly beautiful beaches, going from an intimate, private space to a vast range of leisure, gastronomy, shopping and sports options in just a few short minutes.

Living on the Costa del Sol's "Golden Mile"

From your new home you will have direct links to Estepona, one of the most important municipalities on the Costa del Sol, located between the two best-known pleasure ports on the Mediterranean: Puerto Banus and Sotogrande, with 20 kilometres of winding coastline, innumerable beaches, golf courses, leisure facilities and shopping malls. Vanian Views, moreover, stands beside the Selwo Aventura nature park, 14 hectares (over 34 acres) of open-air space with more than 1,000 animals outdoors in contact with nature.

You will live on the Cost del Sol's "Golden Mile", a mere 45 minutes from Malaga and Gibraltar airports and the high-speed (AVE) railway station.
